

Important New Information

Money Transmitters with Arizona Authorized Delegates

The Department is postponing the deadline by which money transmitters must report added and deleted authorized delegates to A.R.S. § 6-1211 until May 31, 2019.

The Department is currently working to correct a system problem preventing money transmitters from adding, terminating, paying for or viewing authorized delegate certificates. We expect that you will be able to add and delete authorized delegates by or before May 31, 2019, and we will let you know as soon as that functionality becomes available.

We appreciate your patience. If you have any questions, contact Licensing at 602-771-2800, Option 1.
